IELTS Speaking Sample 36
IELTS Speaking Mock Test 19

Part One - Introduction:

Q. What is your name?
A. My name is Albert Alexei.

Q. And what can I call you?
A. You can call me Alexei.

Q. What was your major in University?
A. My major in university was Computer Science.

Q. Which is more necessary for job? Experience or education?
A. I think both are necessary. To apply for a job, a good educational background is required nowadays. On the other hand an experienced professional can get a better job compared to a person without professional experience. In fact, for a fresh graduate, strong academic knowledge is required. Over time s/he gathers practical experiences and gain expertise. I am sure majority of the companies look for a good combination of these two – education & experience.

Q. What type of job you prefer?
A. As I have completed my graduation in Computer Science, I would like to work as a software developer. I prefer the type of jobs that enable the employee to have some flexibility and better working environment. The company should provide sufficient opportunity for the employees to learn and also the scope for enhancing their careers.

Q. What are the most common types of jobs in your home town?
A. Working in government offices, telecommunication companies, software farms and manufacturing factories are the most common job types in my hometown. Apart from that, there are farmers, manual labours, doctors and teachers as well.

PART 2 - Cue Card

Topic:
Describe someone in your family who you really admire.

You should say:

- who he/she is
- what relation you have with him/her
- what you do together.

and explain why do you admire this person.

[ You will have to talk about the topic for one to two minutes. You have one minute to think about what you’re going to say. You can make some notes to help you if you wish.]
Part Three - Details Discussion:

Q. What type of qualities you prefer to make friends?
A. The two most important qualities that I always prefer are positive mentality and honesty among friends. If someone has these two qualities, I will become his/her friend easily. Apart from that, I look the way s/he makes a conversation, criticize others and behave with others. Finally I would also look for common interest as I believe having common interests and similar views make friendship stronger.

Q. Do you have many friends? How much time do you spend with friends?
A. I used to have quite a large number of friends during my college years. Nowadays I have comparatively less friends, but they are very close to me. I have around 3-4 close friends and many other good friends whom I really like to discuss, talk and spend time with.

As I have got busy these days, I spend around 5-6 hours with my friends weekly. Sometimes this time varies from 3 to 10 hours on an average.
