Content of this document:

- Merits of single-sex education
- Demerits of single-sex education

Some people believe that male and female students should **get segregated**. This is usually for religious or cultural reasons.

### Single Sex Education: Advantages

- 👉 Discipline problems might be avoided by doing so.
- 👉 Boys and girls may learn in different ways.
- 👉 They have different needs.
- 👉 Students at single-sex schools often get better exam grades.

### Single-sex Education: Disadvantages

- 👉 Separating boys and girls is unnecessary.
- 👉 It is unhealthy **in terms of** children's **social development**.
- 👉 Many **co-ed** schools are extremely successful.
- 👉 A **mixed-sex** environment is more **representative of** real life.
- 👉 Coeducational schools provide children with better social skills for adult life.
