

General Training Writing Task 1 Sample 5:

You should spend about **20** minutes on this task.

You play sports (e.g. football) for a local team. You recently heard that a player in your team is in a hospital.

Write a letter to your team-mate. In your letter:

- Say how you feel about the news
- Ask about the treatment in the hospital
- Suggest some ways of cheering him/her up.

Write at least **150** words.

Model Answer 1:

Dear Ahmed,

I hope this letter finds you well. I was shocked to hear that you fell down from the stairs all of a sudden and have a major injury in your foot. I am feeling very sorry on your conditions, as it just happened right before a match on Sunday.

I have come to know that you are under observation by the team of qualified doctors at Jinnah hospital. Some of my relatives are working there as medical practitioners. I will request them to take the best care of you. There is no need to worry as the hospital has exceptional reputation due to its well-trained staff and modern equipment. However, I would like to know your personal opinion about the way the hospital staff are treating you. Is there anything you want us to do for you?

I want to share a very good news with you. You have been selected in the national football team as a lead striker. In addition to this, our university has announced full fee scholarship to acknowledge your efforts in sports. I wish you good health and will visit you soon.

Best regards
Farhad.
